## About Me

Ambitious Web Designer specializes in creating online destinations precisely tailored to each customer's needs. Translates vague design goals into actionable, technical details. Trusted provider of sites and online assets designed to drive return patronage and increase engagement. Talented Web Designer comfortable completing projects ranging from simple storefronts to enterprise-class, web-based interfaces.

## Internships

- Bunk4Study | Frontend Web Developer

*May 2022 – Present , Work From Home*

- Team Manager, Senior Frontend Developer.
- Built a React Website fully responsive and led a team of 10 people.
- Organise meetings with team and discuss upcoming work.

- Exposys Data Labs | Frontend Web Developer

*Aug 2021 - Sep 2021 , Work from Home*

Key responsibilities:
- Looked at financial performance and identified trends
- Explored various investment opportunities

## Achievements

My last College team Project. I was quite nervous about it as I've always worked on ReactJs & this was the 1st time someone asked me to do it in VueJs but in 1 and a half month, I learned it & was able to complete the website before the deadline.

# Projects

- College Fest(Technorollix'22)Website

Mar 2022 - Apr 2022

https://opjufest.in

Technorollix, the annual techno-Management festival of OP Jindal University --
The topic and theme of our website, led a team of 6 members and built a fully responsive website within the deadline.
Organisation - Developers Community OPJU

- A full Bootstrap-only website
